

CHESTER COUNTY
CONSERVATION DISTRICT

Manure Management Workshops 2016 ***for Owners/Operators of Small Livestock Operations and Equine Farms***

Pennsylvania Law requires any operation that generates or land applies manure to complete and implement a **Manure Management Plan**.

***Come Join the Chester County Conservation District
at any of the following dates/locations to:***

- Familiarize yourself with Chapter 91, Pennsylvania's Manure Management Regulations.
- Learn how to identify and address resource concerns regarding manure
- Receive assistance to develop and complete a Manure Management Plan for your operation.

-or-
bdrover@chesco.org

- Please provide your *name, number attending*, and a *contact telephone number* (for notification in case of inclement weather cancellation).
- *Hand-drawn or computer generated maps* of your operation are **essential** in developing a plan. If needed, contact Benjamin Drover at 610-925-4920 ext. 120 to get help with maps; you can also visit <https://www.paonestop.org> to access an online tool to develop your own computer generated maps. Be sure to bring your map(s) to the workshop!
